

Tel-A-Story®

Kids - call this number!

Call: 1-888-878-8660

(Note: More Good News Guide volunteers are needed.)

CEF® of Washington has opened an expanded Tel-A-Story® ministry to reach children. Tel-A-Story® is a phone call-in program where anyone can hear a Bible story, or a modern day situation with Christian values and answers.

Tel-A-Story - Toll Free: 1-888-878-8660

A computer changes the story every day, to encourage children to call back daily. For some kids this will be their only "Christian" contact or teaching.

This new system provides for immediate contact with a "live" volunteer. At the end of the story the announcer will invite anyone wanting to accept Christ to make contact by pushing a phone digit.

CEF's Good News Guide volunteers will have a simple script to follow and we will provide training. When someone indicates they want to accept Christ by pushing the button, the call is forwarded to a volunteer's phone. Volunteers will be asked to set aside 1 to 4 hours per week to be near their phone (land line). Their schedule is programmed into the computer, so they will be "on call" the same hours each week. (It will be possible to change hours, or be removed.)

If you are interested in assisting with this ministry, please contact your local Chapter. *Thank you!*

CEF® - Snohomish County Chapter
Office: (425) 252-6314

This project is helping us reach many children and even some adults. Phones are very non-threatening. Will you consider serving? We need:

- ➡ **Faithful prayer warriors/Good News Guides**
- ➡ **Volunteers to be trained to answer the phones**
- ➡ **Financial support**

If you want to be involved in this ministry, give us a call! We're setting up regional meetings to speak to individuals about helping out. You may contact **Heather Ewald 425-587-1259** by phone or email at roger.heather@yahoo.com to attend or host an introductory meeting.
